## ***Parathënie***

Ishte viti 2014 kur ministri i Jashtëm i Emirateve të Bashkuara Arabe ishte për vizitë në Kosovë. Në atë kohë zëvendëskryeministër në Qeverinë e Kosovës, Presidenti Behgjet Pacolli, organizoi darkën e pritjes për ministrin e Jashtëm të EBA-s. Unë dhe disa kolegë të tjerë në Ministrinë e Punëve të Jashtme po merreshim intensivisht me organizimin e kësaj vizite dhe kjo ishte hera e parë që do të takohesha me Presidentin Pacollin. Duke qenë ministri i parë i Jashtëm i një vendi arab në Kosovë që shpalli pavarësinë dhe mik i Kosovës që ka vizituar shumë në sigurimin e njohjeve dhe votave të reja për anëtarësimin ndërkombëtar të Kosovës, ne u munduam shumë që kjo vizitë të jetë e suksesshme. Në atë takim Presidenti Pacolli dhe Sheikh Abdullah bin Zayed Al Nahyan filluan të bisedojnë për një takim që kishin në EBA në vitet '70 kur vetë Sheikh Abdullah ishte fëmijë dhe presidenti Pacolli po rrëfente takimin me babain e tij dhe themeluesin e Emirateve të Bashkuara Arabe Sheikh Zayed.

Biseda dhe momente të tilla me Presidentin Pacolli do të kisha përjetuar shumë herë gjatë mandatit të tij si Ministër i Punëve të Jashtme të Republikës së Kosovës, periudhë ku kemi pasur shumë takime dhe vizita me qëllim të forcimit të pozitës së Kosovës në arenën ndërkombëtare. Kontaktet e ndryshme dhe rrjeti i gjerë i krijuar ndër vite nga presidenti Pacolli kanë qenë të rëndësishme për politikën e jashtme të Kosovës në vitet e pas shpalljes së pavarësisë, por jo vetëm.

Në shumë vende, kontaktet dhe puna e tij kanë bërë që ato vende ta njohin Kosovën si shtet të pavarur dhe sovran, nga Amerika Qendrore e deri në Afrikë dhe Azi, janë me dhjetëra vende që kanë marrë një vendim të tillë për shkak të lobimit të tij të vazhdueshëm. Gjatë kohës që ai shërbeu si ministër i Punëve të Jashtme, kam punuar ngushtë me Presidentin Pacolli për çështjet e njohjes së Kosovës dhe marrëdhëniet me vende të ndryshme, ku kemi bërë shumë vizita nga Bangladeshi në Barbados, Gambia, Zambia, ShBA dhe shumë vende të tjera, për të rritur numrin e njohjeve të Kosovës, por edhe për të kundërshtuar një fushatë të egër dhe korruptive të diplomacisë serbe që synon tërheqjen e njohjeve të Kosovës.

Ishte kjo fushatë e diplomacisë serbe ku me një ekip të Ministrisë së Punëve të Jashtme të kryesuar nga presidenti Pacolli ndërtuam një fushatë diplomatike që kishte për qëllim të prishte këtë fushatë diplomatike serbe dhe të bashkëpunonim ngushtë me vende të ndryshme për të penguar marrjen e vendimeve të dëmshme për interesat e Kosovës të nxituar nga Beogradi. Dhe ka shumë vende ku, shpesh me diplomaci shumë aktive, shumë vende janë penguar të bien pre e fushatës serbe.

Në Diplomaci përpiqemi të ndërtojmë marrëdhënie personale, të kuptojmë se çfarë i bën njerëzit të dallojnë dhe të kuptojmë qëllimet e njerëzve me të cilët kemi të bëjmë. Kjo është ajo që mundëson shtetet për të përmbushur nevojat e tyre. Ato janë mjetet themelore të diplomacisë eë suksesshme në avancimin e interesave të vendeve të tyre. Përbërësi kryesor i suksesit në diplomaci është ajo që quhet "tradecraft". Veçanërisht e rëndësishme është aftësia për të krijuar dhe mbajtur marrëdhënie të mira personale.

Më siguri te plotë nga ajo përvoj mund të konkludoj që nëse nuk do të ishin marrëdhëniet personale të presidentit Pacolli me krerët e shteteve, numri i shteteve që mund të tërhiqnin njohje do të ishte më i madh, por marrëdhëniet personale, të cilat janë gjithmonë të rëndësishme, ishin ato që na bënë të depërtonim tek Presidentët dhe Kryeministrat e shteteve për të parandaluar për vendimet e nxitura nga Beogradi.

Në vitet e fundit, Twitter ka shërbyer si një formë e gjithanshme e sheshit publik politik për çështjet e brendshme dhe botërore. Përdorimi i Twitter-it, i nxitur kryesisht nga rëndësia e mediave sociale në mjedisin aktual për kryerjen e funksioneve diplomatike, është bërë një pjesë integrale e marrëdhënieve ndërkombëtare bashkëkohore. Në të vërtetë, Twitter ka krijuar formën e vet të diplomacisë duke e inkorporuar veten për të shtuar funksionet tradicionale diplomatike si diskutimi dhe negociimi. Ky përmbledhje tregon se si Twitter ka luajtur një rol të rëndësishëm në fushën e diplomacisë në vitet e fundit. Ai analizon rolin e luajtur nga "Twiplomacy" dhe nënvizon efektet e tij të dobishme dhe të dëmshme në sjelljen e marrëdhënieve ndërkombëtare.

Ishte twitteri i Presidentit Pacolli dhe i Ministrisë së Punëve të Jashtme, duke përfshirë edhe strategjinë më të gjerë të komunikimit të aplikuar, që ndihmoi në formësimin e narrativës kundër agresionit diplomatik serb ndaj Kosovës. Ne ishim në gjendje të sulmonim veprimet diplomatike serbe përmes një qasjeje të përshtatur komunikimi që synonte të tregonte fytyrën e vërtetë

të Serbisë. Në këtë kontribut të madh dhe përpjekje udhëheqëse dha diplomati me përvojë z. Sami Kastrati i cili ishte përgjegjës për çështjet publike dhe diplomacinë publike në Ministri. Por ajo që është e rëndësishme të theksohet se kemi pasur mbështetjen dhe angazhimin e plotë të Presidentit Pacolli në të gjitha sugjerimet dhe veprimet se si t'i kundërvihemi diplomacisë serbe.

Sot, që nga koha në Ministrinë e Punëve të Jashtme, kam ndërtuar një miqësi personale me presidentin Pacolli, të cilin e konsideroj se meriton mirënjohje për shumë arritje në politikën e jashtme të Kosovës dhe për udhëheqjen e Ministrisë në një kohë të përmbysjeve brenda dhe jashtë vendit.

## ***Preface***

It was 2014 when the Minister of Foreign Affairs of United Arab Emirates has had visited Kosovo. Back then, the Prime Minister in the Government of Kosovo, President Behgjet Pacolli, organized the hosting dinner for the Minister of Foreign Affairs of UAE. I and some other colleagues, within the Ministry of Foreign Affairs, were dealing intensively with the organization of this visit and this was the first time that I would personally meet President Pacolli. Being the first foreign minister of an Arabic country visiting Kosovo, which announced her independence, and being a friend of Kosovo thereby visiting a lot of other countries in having them recognize the independence of Kosovo and bringing new votes in international membership of Kosovo, we made our best efforts for this visit to be successful. At that meeting, President Pacolli and Sheikh Abdullah bin Zayed Al Nahyan had a conversation for a meeting they had in UAE in the 70s when the Sheikh Abdullah was a child and President Pacolli was telling a story where he had a meeting with his father and the founder of the United Arab Emirates Sheikh Zayed.

I would have experienced such conversations and moments with President Pacolli during his mandate as the Minister of Foreign Affairs of the Republic of Kosovo, a period where we had many meetings and visits aimed at strengthening the position of Kosovo in international arena. The various contacts and wide network created throughout the years by the President Pacolli were of great importance to the foreign politics of Kosovo in the period after the announcement of independence of Kosovo, and not only.

In many countries, his contacts and work made that those particular countries recognise Kosovo as an independent and sovereign country, i.e., from Central America up to Africa and Asia; there are dozens of countries taking such a decision on the ground of his continuous negotiations. During the time he served as a Minister of Foreign Affairs, I have worked closely with President Pacolli on Kosovo recognition-related matters and on relations with different countries, whereby we visited countries from Bangladesh to Barbados, Gambia, Zambia, USA and many other countries aiming at increasing the number of countries recognizing Kosovo's independence, but also to object a wild and corruptive campaign of Serbian diplomacy which intended to withdraw the recognition of Kosovo.

We, as a team of the Ministry of Foreign Affairs chaired by the President Pacolli, established a diplomatic campaign which intended to destroy the aforementioned Serbian diplomatic campaign, and work closely with various countries in order to hinder making decisions harmful to the interests of Kosovo, i.e., decisions fostered by Belgrade. Moreover, many countries, with active diplomacy, were hindered to fall under the prank of Serbian campaign.

In Diplomacy, we attempt to establish personal relations, understand what makes people differ and understand the intentions of people we are dealing with. This is precisely what enables countries to meet their needs. They are foundational elements of a successful diplomacy in advancing the interests of their countries. The main component of success in diplomacy is the so-called “tradecraft”. The ability to establish and maintain good personal relations is of particular importance.

With full certainty, from that experience, I can conclude that if there would be no personal relations of President Pacolli with heads of various countries, the number of countries that could have withdrawn their recognition would be greater, but personal relations, which are always important, were those that enabled us to reach the presidents and prime ministers of various countries in order to prevent the decisions fostered by Belgrade.

Recently, Twitter has served as

Recently, Twitter has served as a versatile form of political public square on internal and global affairs. The use of Twitter, driven primarily by the importance of social media in the current environment for conducting diplomatic functions, has become an integral part of contemporary international relations. Indeed, Twitter has created its own form of diplomacy by incorporating itself to add traditional diplomatic functions such as discussion and negotiation. This overview shows how Twitter has played an important role in the field of diplomacy recently. It analyses the role played by "Twiplomacy" and highlights its beneficial and detrimental effects on international relations.

It was the twitter account of President Pacolli and Ministry of Foreign Affairs, including the wider applied communication strategy, that helped shape the narrative against Serbian diplomatic aggression towards Kosovo.

We were able to attack Serbian diplomatic actions through a tailored communication approach aimed at showing the true face of Serbia. In this great contribution and leadership effort has accorded also the experienced diplomat Mr Sami Kastrati, who was responsible for public affairs and public diplomacy in the Ministry. However, it is worth mentioning that we had the full support and commitment of President Pacolli in all suggestions and actions on how to oppose Serbian diplomacy.

Today, since my time in the Ministry of Foreign Affairs, I have built a personal friendship with President Pacolli, whom I consider deserves gratitude for many achievements in Kosovo's foreign policy and for leading the Ministry in a time of the country's internal and external upheavals.

## AKR takes up ministerial roles as new government is formed in Kosovo

13/09/2017

Behgjet Pacolli (right)

After months of political deadlock, ALDE member party in Kosovo AKR has joined the new government in Kosovo with leader **Behgjet Pacolli** assuming the role of First Deputy Prime Minister and the Minister of Foreign Affairs.

Ahead of the parliamentary elections held on 9 June, AKR had signed a coalition agreement with LDK of former leader and Prime Minister Isa Mustafa and Alternativa, but together they failed to win a majority, as did the other major coalition list lead by the Democratic Party of Kosovo (PDK).
